

FLYDECK system for suspended scaffoldings

FLYRAIL beam

(Two Flyrail beams are needed for FLYRAIL system)

| | | | |
|--------|-------------------------------------|-----------|---|
| 900060 | Flyrail beam L=500 made of 3 pieces | 78,529 kg |  |
| 900061 | Flyrail beam L=500 made of 2 pieces | 76,229 kg |  |
| 900062 | Flyrail beam L=500 made of 1 piece | 73,529 kg |  |

Items 900060, 900061, 900062 include: aluminium rail, 2 handles, 1 electric chain hoist with control panel, 1 chain for electric hoist suspension and safety, 1 rear anti-tip chain, 1 sliding carriage, 2 edge caps and screws.

| | | | |
|----------|---|----------|---|
| 900040 | Flyrail handle | 1,06 kg |  |
| 900047 | Flyrail chain for electric chain hoist suspension | 2,66 kg |  |
| 900052 | Flyrail beam rear anti-tip chain for | 1,52 kg |  |
| 900055 | Flyrail sliding carriage | 2,82 kg |  |
| 2090P506 | Flyrail edge cap | 0,036 kg |  |
